Agenda: The Workshop will focus on the key elements, updates, changes, processes, and people involved in the vast Federal energy efficiency and infrastructure improvement market.

Who will be there: The popular Workshop will attract ESCO leaders and vendor representatives already working in the Federal space and those seeking to break into the Federal market. In addition, Federal agency officials tasked with setting and implementing Federal energy efficiency and infrastructure policies will be with us as invited speakers and attendees. We anticipate over 200 attendees.
