Rules and Regulations for the R3 Expo

1. Exhibits shall be arranged so as not to obstruct the general view nor hide others' exhibits.
2. The exhibitor assumes all responsibility for compliance with all applicable local, city, and state ordinances, including but not limited to fire, safety, and health. For the safety of persons and property, no fireworks or incendiary devices may be used indoors at the hotel. All exhibit equipment and materials will be reasonably located within the booth and protected by safety devices when necessary. Only fireproof materials may be used in the displays and all necessary fire precautions will be taken by the exhibitor.
3. Rules and regulations for union labor are made by the local unions and these regulations may be changed at any time. Where union labor is required because of building or contractor requirements, it will be necessary for the exhibitor to comply with those regulations.
4. If moving pictures or sound devices are used, the exhibitor agrees to comply with union requirements for the operation of the equipment. Sound movies or devices will be permitted if tuned to conversational level and if not objectionable to neighboring exhibitors. It shall be the responsibility of exhibitors wishing to play music in their booths to secure the necessary music licensing agreements and fee payments from the appropriate agencies. NAESCO bears no responsibility for any legal action, fines, or litigation incurred by exhibitors who have not obtained said agreements and/or made said payments. NAESCO reserves the right to restrict the use of glaring lights or objectionable lighting or sound effects.
5. Exhibitors are prohibited from distributing literature or souvenirs from outside the boundaries of their booth. This includes canvassing other exhibits before or during the show. Canvassing in exhibit halls or distribution of advertising matter or souvenirs by representatives of non-exhibiting firms is strictly forbidden.
6. **Under no circumstances will the delivery or removal of any portion of an exhibit be permitted during the show hours without permission from NAESCO.**

7. Booths should be staffed by technical specialists who should be qualified to discuss technical details of their products. **All booths must remain intact until the close of the Expo on November 5.**

10. NAESCO reserves the right, should any rented exhibitor's space remain unoccupied on the opening day, or should any space be forfeited due to failure to make proper payment, to rent said space to any other exhibitor, or use said space in any other manner NAESCO feels necessary. This clause shall not be construed as affecting the obligation of the exhibitor to pay the full amount specified in the contract for space rental. When a space application is accepted and space is assigned, the exhibitor is liable for full payment.
11. Neither NAESCO, nor its agents or representatives will be responsible for any injury, loss or damage that may occur to the exhibitor or the exhibitor's employees or property from any cause whatsoever. All property of an exhibitor is understood to remain in their care, custody, and control in transit to, and from, and within the confines of the exhibit hall.
13. In case the hall is damaged or destroyed by fire, elements, or any other cause, or if circumstances shall make it impossible for NAESCO to permit an exhibitor or exhibitors to occupy the space assigned during any part or the whole of the period covered, then during such circumstances, NAESCO will not be liable for the fulfillment of this contract as to the delivery of space and the exhibitor shall be reimbursed a proportionate share of the space rental.
