PUBLIC NOTICE FOR POSITION BEING FILLED UNDER DIRECT HIRE AUTHORITY (DHA) FOR CERTAIN COMPETITIVE SERVICE POSITIONS (SECTION 9905)

Direct Hire Public Notice Number: HNC-DHA-9905-20-017

Opening and Closing Dates: 09 Apr – 24 Apr 2020 (11:50 CT)

Position Title: Program Manager (Energy)

Series/Grade: GS-0340-15

Full Performance Level: GS-15

Duty Location: Corps of Engineer – Installation Support and Program Management (ISPM) Directorate, Arlington, VA

Salary Range: $142,701-$170,800

Work Schedule: Full-time

Appointment Type: Term

Travel Requirement: 25% Temporary Duty Travel required

Relocation/Recruitment Expenses: Relocation (PCS) expenses may be authorized (subject to available budget) if the selecting official determines the relocation is in the best interests of the government.

Who May Apply: U.S Citizens, nationals, or those who owe allegiance to the United States.

Qualifications Requirements:

In order to qualify, you must meet the experience requirements described below. The experience must be described/reflected in your resume. Experience refers to paid and unpaid experience, including volunteer work done through National Service programs (e.g., Peace Corps, AmeriCorps) and other organizations (e.g., professional; philanthropic; religious; spiritual; community; student; social). You will receive credit for all qualifying experience, including volunteer experience.

Specialized Experience for GS-15: One year of specialized experience which includes: providing guidance on program implementation; directing studies to identify/propose solutions to management problems; establishing goals for energy initiatives; and recommending policy for energy programs. This definition of specialized experience is typical of work performed at the next lower grade-level position in the federal service (GS-14). The best candidates typically
possess all four specialized experiences supported by their depth of skill, abilities and knowledge in each area.

Some federal jobs allow you to substitute your education for the required experience in order to qualify. For this job, you must meet the qualification requirement using experience alone--no substitution of education for experience is permitted.

**Responsibilities/Duties:** Serves as a Program Manager, Office of the Deputy Assistant Secretary of the Army (Energy and Sustainability) with responsibility for energy security initiatives that have Army-wide impact and involve close coordination with DoD agencies, Congress, State and local governments, and the private sector. Duties include:

1. Directs efforts supporting the development and coordination of critical energy security programs, specifically renewable and alternative energy opportunities, for the Department of the Army. Designs and implements Office of Energy Initiatives (OEI) projects.

2. Serves as a recognized expert in the development and interpretation of policy and guidance. Works closely with other principal staff at HQDA, regions and installations, in establishing and assessing energy program goals, priorities, resources, staffing, and workload requirements.

3. Represents the Secretariat at meetings, briefings, conferences, etc. with officials of other Federal agencies, State and local authorities, regulatory agencies, and the public on matters relating to energy security goals, plans, and scope of proposed and approved programs

4. Serve as lead government representative with primary responsibility for leading a "Tiger Team" of government and contractor employees. This team of 3-8 individuals will be explicitly focused on short-term "turnaround" efforts for renewable energy project opportunities in OEI's portfolio.

**Conditions of Employment:**

1) Must meet suitability for Federal employment
2) Will be required to provide proof of U.S. Citizenship
3) Male applicants born after December 31, 1959 must complete a Pre-employment Certification Statement for Selective Service Registration
4) Secret security clearance is required
5) Will be required to serve a 2 year probationary period
6) This is a Career Program (CP) 18 position
7) This is an Army Acquisition, Logistics and Technology Workforce position. This position requires and Acquisition Level III Certification in Facilities Engineering within 24 months of entry on duty.
